ENVIRONMENTAL MANAGEMENT POLICY

Engineering & Technical Services (AETS) Limited is committed to proactively identifying, mitigate and manage the impacts on our environment in our activities, with a view to meeting legal & regulatory requirements in accordance with ISO 14001 Environmental Management Systems.

Our policy implementation covers the following criteria:

- A commitment to continually improve environmental performance during all operations.
- A commitment to effectively manage significant environmental impacts.
- Recognition to comply with relevant environmental legislation as a minimum level of performance.
- Education and training of employees in environmental issues and the environmental effects of all activities.
- Monitoring progress and reviewing environmental performance against targets and objectives on a regular basis (usually annually or in the first six months initially).
- A commitment to communicate business' environmental aims and objectives to all staff, as well as to customers and other external stakeholders.
- Strive for zero environmental incidents in our activities.
- Comply with environmental laws, regulations & ISO 14001 standards.
- Reduce emissions and waste at our jobsite and promote active recycling.

Implementation of this policy will be achieved through management and organizational commitment as our mean goal in our operations

Engr. Uwabor James Oloka
Managing Director
